*About Clinical Rotations

Clinical rotations generally occur in the student's state of residence. During registration, students will determine their clinical schedule with the Clinical Placement Department. Clinical availability is at the discretion of Joyce University's clinical partners and is subject to change.

**About Labs and Simulation

Colorado students will attend in-person labs and simulations at the Joyce Johnson Center of Simulation in the Draper, Utah campus. These will generally occur over several consecutive days during the 4th, 6th, and 7th semesters. Dates and times are determined during registration.

Lodging, airfare, transportation, and meals are included in the cost of attendance for required travel for labs and simulation and may be paid for with proceeds from Financial Aid awards. Students should consult with their Financial Aid Advisor for specific costs and additional questions.
